Farm For Sale

—NEAR—

Worcester, Mass.

In all the bargains offered by Western railroads did you ever see anything equal to this?—\$15.38 an acre and the buildings thrown in (the fences on the farm cost more than this;) 65 acres, 1½ miles from depot. Fine wood lot, 600 cords. Now keeps 3 cows; can easily be made to keep 6. Mowed by machine. 60 choice fruit trees, bordered by trout brook. Cottage, 6 rooms, painted and papered. Barn 36 by 36; wagon-house, &c. Only \$1,000; part cash, balance \$50 a year. The wood when marketed will pay for the farm. Remember this is not a highly-colored description, but was taken from the owners right on the farm. This, with hundreds of better farms, fully described in our Farm-List, postpaid to any address.

1878

TWENTY YEARS' EXPERIENCE

By Planters of Maryland and Virginia in growing Tobacco has convinced the most skeptical that

"Excelsior" has no Equal

In growing and maturing that crop. It is now their unanimous opinion that "from the application of EXCELSIOR the crop is heavier, of finer quality, cures earlier, and is not so liable to suffer drought, as from the use of Peruvian Guano."

We refer to every Planter in Maryland.

Uniformity of quality guaranteed by the Manufacturers.

PRICE \$50 PER TON.**J. J. TURNER & CO., 42 Pratt St., Baltimore.**

(COPYRIGHT.)

PARIS GREEN

FOR KILLING THE

POTATO BUG & COTTON WORM.

WE MANUFACTURE FOUR GRADES:

Strictly Pure, Chesapeake, Potomac, Patapsco.

Packed in barrels, half-barrels, 100 lb. kegs, and 14, 28 and 56 lb. Iron Cans. We have thoroughly tried it, and found it effectual and certain, if used as recommended by us:

Take 2 ounces of "Strictly Pure," or 2½ ounces "Chesapeake," or 3 ounces "Potomac," or 3½ ounces "Patapsco" to 1 pound of flour; mix the flour with 3 gallons of water; strain the lumps out, then add the Paris Green; use a watering-pot to sprinkle the plants, stirring occasionally while applying. To an acre of plants, it will require from 2 to 3½ pounds of Green, according to quality used. **For sale to the trade only, by**

WM. DAVISON & CO., Manufacturers, 104 W. Lombard St., Baltimore.

Dissolution of Copartnership.

BALTIMORE, March 19th, 1878.

The Copartnership heretofore existing between the undersigned, under the name of **J. J. TURNER & CO.**, is this day **DISSOLVED**, by mutual consent. Either will sign in liquidation.

J. J. TURNER,
J. Q. A. HOLLOWAY.

The undersigned, engaged since 1858 in the manufacture of **FERTILIZERS**, as a member of the firm of **J. J. & F. TURNER**, BY WHOM the formulas and processes of manufacture of

"EXCELSIOR" AND "AMMONIATED PHOSPHATE"

Were *originated*, and since 1864 a member of the late firm of **J. J. TURNER & CO.**, relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these fertilizers, offers them **IN HIS OWN NAME** to the agricultural public.

Having secured the works of the old firm, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufacture of **EXCELSIOR** and **AMMONIATED PHOSPHATE** on his own account, with his office adjoining the works, **No. 107 McElderry's Wharf**, where he will be pleased to see his friends and patrons, assuring them that the **FERTILIZERS** manufactured BY HIM shall be of the same uniform and high standard quality as sold by the *old firms* since their introduction.

JOHN Q. A. HOLLOWAY.

In sending your orders, write your Name, Post Office, County and State PLAINLY, so that no mistake will occur. Send all money by Registered Letter, Money Order or Bank Draft. We solicit your orders and guarantee satisfaction.

J. B. GAYLORD & CO., 98 Wells St., Chicago, Ill.

The McCinnis Harrow.

PARIS, KY., April 15th, 1878.

MESSRS. MCGINNIS, TAYLOR & HOLDERLY.

GENTLEMEN:—I have sold the MCGINNIS HARROW to some of the best farmers in Bourbon county, and they approve it in every respect. I have observed its work on several occasions, and find it better in thoroughness and depth of work, and lightness of draft, than any I have ever tested.

It is strong, and the teeth are more durable than any I have ever sold. I think it is up to the claims and theory of the inventor in practice on the field.

I do not believe a greater advance has been recently made in agricultural implements than this improvement in harrows. Very truly yours,

JOHN GASS,

Of the late firm of Neely & Gass, now of T. H. Lewis & Bro.

The statements of the above-named John Gass, in this community, where he is well known, have the confidence of the people. He is a man of highest integrity and truthfulness.

HENRY SPEARS, Cashier Agricultural Bank, Paris, Ky.

BALTIMORE, MD.**STEAM ENGINES**

FOR RUNNING SEPARATORS, SAWING, &c.

—□—
**THE PEERLESS PORTABLE
 Steam Engines,**

WITH THE

Geiser Separator, Cleaner & Bagger

Makes a better outfit for a thrasher than any other outfit for the money in this market. They thrash as fast, save the grain better, and clean it cleaner. This all know that have used them. Three-fourths of the machines shipped from this market are the Geiser machines, because they are a better machine than any other, and cost less money. The Geiser's late improved horse-powers are better adapted for running the Geiser Separators than any other power, as they have the right speed to give the Separator its proper speed, which very few powers do. Some powers give too much speed, which makes the Separator run hard and cut the grain. Some do not give speed enough, which makes dirty work, and the Separators cannot thrash clean. Our machines, with the proper speed, are all fully warranted. All sizes of Steamers and Separators and Powers on hand,—3, 4, 6, 8, 10, 12 horse power.

THE DOMESTIC ENGINE

Is very convenient for Farmer's light work,—shelling corn, cutting straw, pumping water for stock, &c. Ice-Cream makers, churning Butter, Butcher's uses, cutting Sausage, heating water, steaming. Also for Printing Presses.

SCHENECTADY, N. Y.,

MANUFACTURERS OF

THRESHING MACHINES

For Steam and Horse Power, of all the sizes that different localities require.

Our **THRESHERS** were entered for competition at the late International Exhibition, and were thoroughly tested with the most satisfactory results in the Field Trial accompanying that exhibition.

They were the only machines for *Steam Power* which were awarded a Medal and Diploma, that participated in the trial.

We offer these machines to the public with the utmost confidence of being able to render entire satisfaction to all purchasers.

We call attention to the leading features of our machines:

In Threshers (large and small) the very best **BAR CYLINDER** and **CONCAVE**, large **SEPARATING**

CAPACITY, unequalled **CLEANING APPARATUS**, and all with the least possible complication in construction, in insuring durability and the use of a small amount of power. In Powers (both Lever and Tread) every desirable feature for obtaining the full value of the force applied, together with durability, and the most approved plans for handling.

Our facilities for producing these machines have been largely increased, and the increasing demand for them is an assurance that they have not failed to meet the expectations of purchasers.

We invite correspondence with parties desiring to purchase such machinery, and will furnish our

Are prepared, with great care, from medical plants, are coated with sugar that they may be taken by the smallest child and upon the most delicate stomach; are intended especially to act upon the Liver—thereby relieving all such diseases as COSTIVENESS, HEADACHE, PARALYSIS, DYSPEPSIA, COLDS, JAUNDICE, and all diseases of a Bilious origin. No better evidence can be offered in favor of these Pills than the very fact that where their ingredients are known to family physicians, they are using them in their private practice. We append the following from one of our most prominent physicians:

Dr. GILPIN—After carefully examining the formula of your Sugar-Coated Pills, I feel it but justice to say, that the combination is certainly perfect, and comprises the only remedies I ever believed were the proper ones to be used in diseases of a bilious origin. I shall take pleasure in recommending them not only to my patients, but the entire medical profession. Yours truly,

From one of the leading retail druggists of West Virginia:

OAKLAND, June 26, 1869.

Messrs. CANBY, GILPIN & Co.—Gents: Please send by express twelve dozen Gilpin's Vegetable Liver Pills. I have the most flattering accounts from all who have used them, and believe the day is not far distant when they will supersede all others.

We could fill several pages with certificates, &c., from prominent men throughout the country, but prefer to let the Pills in the future, as they have in the past, rest entirely on their own merit—knowing that wherever they are known their use will pass down from generation to generation.

GILPIN'S VEGETABLE LIVER PILLS are sold by all respectable Druggists and Country Storekeepers throughout the United States and Canada.

Principal Depot, CANBY, GILPIN & CO., Baltimore.

Berkshire Pigs!

FOR SALE.

My breeding stock consists, in part, of Imported Berkshires, selected from some of the best families of Berkshires bred in England—families noted as large prize winners; the balance, except 2 young sows, bred by myself, are out of imported stock of good pedigree. Sallie Wanderer II, and Young Liverpool II were bred by Russell Swanwick, England, and imported by Mr. T. S. Cooper, Pa. in 1876. The sow is out of Othello's Sallie, and sired by Wanderer II; the boar out of Sallie VIII, and sired by Young Liverpool, and he by Othello—g. dam Sallie VI (Lady Liverpool). Heperian Major II, bred by B. St. John Ackers, England, who imported him with others in 1876 to Philadelphia to be exhibited at the Centennial Exhibition of live stock; he and others of this exportation were bought by Messrs. Benson & Burpee, Philadelphia. They assured me that this Pig was the best one of the litter—dam Snowdrop—sire Heperian Major. Mr. T. S. Cooper, in his catalogue for 1876, says: "Othello's Sallie is one of the best Sallie sows living, and as a breeder has but few equals. She stands amongst the first in my herd." That, "Othello took first prize at Gloucester, the only time he has ever been shown." That, "His Pigs for years won any number of prizes at the leading shows in England, and it is a pity that such a pig should die." He also says of the g. dam of Young Liverpool III, Sallie VI (L. L.) is well known amongst the English breeders; has won more prizes and bred more prize animals than any other sow in the kingdom." Messrs. Benson & Burpee, in their Descriptive Catalogue, say: "Besides the Collier, we purchased two very fine boar pigs and two sow pigs—all imported and out of Snowdrop—by Heperian Major. These pigs are perfect beauties, and promise to make show hogs of rare merit and very uniform excellence. Their sire, Heperian Major, is one of the finest boars in England, and was bred by Heber Humphrey, Esq. He was purchased for the Prinknash Herd when eight weeks old at a cost of 80 guineas." They also mention seventeen premiums and reserve numbers that Snowdrop, her sister and brother won in England in 1876 up to July of that year. The different families of my imported Berkshire stock are noted as having been large prize winners.

I have for sale a few pair of pigs from 5 to 8 months old; and also several winter and spring litters that will be ready for shipping during the early spring and summer months. I will ship none but good pigs; all others will be turned into pork. Pedigrees and other information given when required. Prices moderate. Orders solicited.

Address,

Chemicals & Fertilizers.

THE CHEMICAL CO. OF CANTON.

Where and How Our Famous Fertilizers are Made—Important to Farmers and Planters.

The Chemical Company of Canton, manufacturers of chemicals and fertilizers, are the largest and best representatives of that great interest in the United States. This Company is one of the institutions to which Baltimore is indebted for all the benefits which have accompanied the development of fertilizer manufacture and the building up of what is now one of our most important industries. The Company has always been progressive, and its liberality and enterprise in encouraging scientific research and experiment in this useful, practical field, have led to important and valuable discoveries. At the same time its management has been controlled by gentlemen of the highest standing in commercial life: hence, its operations have never brought discredit upon the trade or loss to the agricultural community. The Company is a wealthy corporation, doing an immense business and drawing its patronage from all the Atlantic and Gulf States. It enjoys the highest reputation throughout all sections of the country tributary to Baltimore, and is in every respect a first-class business establishment.

The works of this Company are located at Canton, and are very extensive. The buildings are substantially constructed of brick, and cover an area of two and a quarter acres of ground. The entire establishment is equipped with the most modern and approved machinery and appliances known to this branch of manufacture, and is divided into departments, so that all the processes of the business are conducted with the utmost method, accuracy and success. The whole work is so admirably systematized that the best results are attained with the least waste of labor or material. The Company has spared no pains or expense to secure the production of the best fertilizers at a price which will commend it to the trade and to the farming community.

All the departments are under competent and experienced supervision, the entire business being conducted under the management of Mr. B. N. Baker.

The fertilizers and chemicals manufactured by this Company have been subjected to thorough analytical investigation by the most eminent American chemists, and have elicited the highest commendation. Many leading farmers and planters in different States have used the fertilizers of this Company exclusively, and regard it as unequalled and unapproachable.

In explanation of the exceptionally high character that the products of this establishment have always borne, it is important to state that *the Company manufacture only by formula given to them by their patrons, and are certain, therefore, to produce an unadulterated article at all times.*

Another special feature of this Company's business is worthy of attention. They manufacture fertilizers to order, according to any formula desired,—thus enabling a farmer to secure precisely the article best adapted to the condition of his lands or his system of planting. This is an important feature of the Company's business, and meets the wishes of many patrons. Their facilities for filling orders according to special formulas are unequalled.

The operations of this Company are very extensive, and their goods are sold in immense quantities, and shipped to all parts of the South. Some idea of their transactions may be gained from the fact that the works at present consume six tons of coal and eight thousand pounds of brimstone daily, while the consumption of chemicals, acids, etc., is proportionate. Last season the works were taxed to the utmost capacity, and were insufficient to meet the demand made upon them. The orders for the season just commenced indicate a marked increase over the demand last year, and, in order to meet it, a large addition to their main building is being constructed and will soon be complete. The track and wharf facilities at the works are excellent, and afford every advantage in loading for shipment by rail or water, without any loss by tearing or wastage. The office of the Company is at No. 15 SOUTH ST., and is connected with the works by private telegraph.

GRANGERS' BOOT AND SHOE HOUSE.

The Old-Established C. O. D. House of Baltimore.

Thanking our customers for the patronage of past years, we take pleasure in presenting them and the general public with our List (for the spring and summer of 1878) of such goods as are in constant use, at the lowest jobbing prices. From our past experience, from our extra facilities, and from the immense and growing magnitude of our sales, we are now enabled to offer in this List the greatest bargains in Boots and Shoes ever offered. Our customers number thousands from all parts of the United States, who have bought and used our goods for years.

We sell Goods direct to the people at jobbing prices, cheaper than the country stores buy them wholesale on the credit system, and save all the profit of the Middle-men.

Buy your Goods from first hands, the same as dealers do, and save what they add to the prices to pay their expenses, and to give them a profit.

We do a Jobbing Trade, selling Goods at the lowest wholesale prices, only we sell direct to the people in clubs or otherwise, instead of to dealers.

WHY, AND HOW WE SELL SO CHEAP.

We have pursued the C. O. D. plan for years; we have built up a good paying trade; it is popular with our customers. We know that by selling Goods on this plan we give our customers better bargains than on the old plan of credit. By giving better bargains we increase our trade.

EXCLUSIVELY FOR CASH.

We have buyers in New York, Philadelphia and Boston, who watch the market, wait for bargains, watch the bankrupt sales, the trade sales, and in the ways and places known to experienced buyers, and choose Goods for cash at the lowest figures possible. Our customers are not asked to pay for goods before they get them. The fact of being established so long, and selling such large amounts of Goods, gives us all the advantages that can accrue from such a plan; and we can now afford to sell much cheaper than we did at first.

The C. O. D. plan gives our customers all the benefits to be derived from CO-OPERATION.

With the large sales that we make, we lower our prices of Goods to our patrons, and are simply taking advantage of available and legitimate avenues of trade to increase our business.

We are the exclusive Agents for

We allow 12 per cent. discount to Patrons of Husbandry. Also an additional percentage on each dollar for the person making up the Club.

We can now also send by mail single pairs of shoes or packages to any address, at 18 cents per pair to any part of the United States. All orders should be accompanied with the money, Post-Office Money Order, or in Registered Letters, or C. O. D. by Express.

We guarantee to give satisfaction, and anything purchased of our house which may not suit after purchase, we will exchange or refund the money within six months after purchase.  Send Stamp for Printed Catalogue.

The Customer's Confidence is Never Abused.

Chesapeake Chemical Works.

OIL VITRIOL.

MANUFACTURERS AND MANIPULATORS OF PHOSPHATES
ON ORDERS AND FORMULAS FURNISHED BY
OUR FRIENDS.

Having completed extensive improvements and additions to our Works, giving us increased facilities, we are now prepared to execute orders with greater promptness, and deliver goods in much better mechanical condition than heretofore.

We offer to the Trade the following Goods, all of which are absolutely Free from Adulteration :

DISSOLVED GROUND BONE,

Containing 3 per cent. of Ammonia.

DISSOLVED SOUTH AMERICAN BONE ASH.

Containing 40 to 44 per cent. Soluble Bone Phosphate.

DISSOLVED SOUTH CAROLINA PHOSPHATE.

Containing 27 to 30 per cent. Soluble Bone Phosphate.

To meet the demand for a high-grade Fertilizer, we are offering **SLINGLUFF'S NATIVE SUPER-PHOSPHATE**—prepared entirely from Animal Bone—highly ammoniated.

Also, **SLINGLUFF'S No. 1 AMMONIATED SUPER-PHOSPHATE**. This we can confidently recommend as one of the best fertilizers sold in the market at a low price.

SLINGLUFF & CO.

OFFICE, 155 W. Fayette Street.
